Solved Questions

- Note: Errors and omissions expected.

Question 1

- Question: Question 1 text extracted with low confidence from source image.
- A) 3 double bonds
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 2

- Question: Question 2 text extracted with low confidence from source image.
- A) melted from solid to liquid state
- B) Xonly
- C) -3 to +2
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 3

- Question: Question 3 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 4

- Question: Question 4 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 5

- Question: Question 5 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 6

- Question: Question 6 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.

- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 7

- Question: Question 7 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 8

- Question: Question 8 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 9

- Question: Question 9 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 10

- Question: Question 10 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 11

- Question: Question 11 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 12

- Question: Question 12 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.

- Correct Answer: To be verified from official key

Question 13

- Question: Question 13 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 14

- Question: Question 14 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 15

- Question: Question 15 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 16

- Question: Question 16 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 17

- Question: Question 17 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 18

- Question: Question 18 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 19

- Question: Question 19 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 20

- Question: Question 20 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 21

- Question: Question 21 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 22

- Question: Question 22 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 23

- Question: Question 23 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 24

- Question: Question 24 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 25

- Question: Question 25 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.

- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 26

- Question: Question 26 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 27

- Question: Question 27 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 28

- Question: Question 28 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 29

- Question: Question 29 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 30

- Question: Question 30 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 31

- Question: Question 31 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 32

- Question: Question 32 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 33

- Question: Question 33 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 34

- Question: Question 34 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 35

- Question: Question 35 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 36

- Question: Question 36 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 37

- Question: Question 37 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 38

- Question: Question 38 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 39

- Question: Question 39 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 40

- Question: Question 40 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 41

- Question: Question 41 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 42

- Question: Question 42 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 43

- Question: Question 43 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 44

- Question: Question 44 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.

- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 45

- Question: Question 45 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 46

- Question: Question 46 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 47

- Question: Question 47 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 48

- Question: Question 48 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 49

- Question: Question 49 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 50

- Question: Question 50 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 51

- Question: Question 51 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 52

- Question: Question 52 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 53

- Question: Question 53 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 54

- Question: Question 54 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 55

- Question: Question 55 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 56

- Question: Question 56 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 57

- Question: Question 57 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.

- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 58

- Question: Question 58 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 59

- Question: Question 59 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 60

- Question: Question 60 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 61

- Question: Question 61 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 62

- Question: Question 62 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 63

- Question: Question 63 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 64

- Question: Question 64 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 65

- Question: Question 65 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 66

- Question: Question 66 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 67

- Question: Question 67 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 68

- Question: Question 68 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 69

- Question: Question 69 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 70

- Question: Question 70 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 71

- Question: Question 71 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 72

- Question: Question 72 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 73

- Question: Question 73 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 74

- Question: Question 74 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 75

- Question: Question 75 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 76

- Question: Question 76 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.

- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 77

- Question: Question 77 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 78

- Question: Question 78 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 79

- Question: Question 79 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 80

- Question: Question 80 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 81

- Question: Question 81 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 82

- Question: Question 82 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 83

- Question: Question 83 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 84

- Question: Question 84 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 85

- Question: Question 85 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 86

- Question: Question 86 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 87

- Question: Question 87 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 88

- Question: Question 88 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 89

- Question: Question 89 text extracted with low confidence from source image.

- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.

- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 90

- Question: Question 91 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 92

- Question: Question 92 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 93

- Question: Question 93 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 94

- Question: Question 94 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 95

- Question: Question 95 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 96

- Question: Question 96 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 97

- Question: Question 97 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key

Question 98

- Question: Question 98 text extracted with low confidence from source image.
- A) Option A not clearly readable in source image.
- B) Option B not clearly readable in source image.
- C) Option C not clearly readable in source image.
- D) Option D not clearly readable in source image.
- Correct Answer: To be verified from official key
